Tap Into Decades of Knowledge

Based on decades of experience protecting major national chains, from fast food to sit down dining, HSM understands the security needs of restaurants. This expertise allows us to work with you to design a security system that will protect your employees, your customers and your bottom line.

HSM offers one of the most comprehensive portfolios of products and services available to the restaurant industry—all tailored to fit your security needs, large or small.

- **Gain Higher Efficiencies**
- **Lower Costs**
- **Reduce Risks**

Challenge:

Intelligent Solution:

ROBBERY

- Our state-of-the-art HSM 24-hour UL Monitoring Center provides reliable and prompt response to alarm conditions to help reduce the risks associated with a hold-up.

UNAUTHORIZED ACCESS

- Our HSM Access Control System helps to protect people, property and company information without inconveniencing your employees or disrupting your business.
- Control after-hours access to your facilities.

CRITICAL EQUIPMENT

- You are alerted immediately if an important piece of equipment such as a freezer, air conditioner or compressor breaks down.
- Sensors alert our HSM 24-hour UL Monitoring Center, which notifies you before problems become costly.

FACILITY MANAGEMENT

- Our HSM eDataManager allows easy access to all alarm data from your desk to help you manage your security more efficiently.
- Confirmation of facility open/close on time.

FIRE THREAT

- Our HSM Automatic Fire Alarm System is code compliant. It provides rapid, reliable and early notification to protect life and property.

REMOTE SURVEILLANCE

- When resources are limited, our HSM Video Surveillance can help you keep an eye on your facility and remotely authorize or deny access.

MULTIPLE LOCATIONS

- We establish a program that matches your company's needs on a regional or national basis.
- We provide the knowledge and consistency you need to make informed security decisions.

LIMITED SECURITY STAFF

- HSM Security Supervisor can provide single point management for all your security needs.
- Your security staff can cover a large area efficiently because multiple areas can be observed from a single monitoring location.
- Your team can perform surveillance work efficiently and economically.

eDATAMANAGER

- We keep you in the loop at all times with eDataManager, a Web-enabled tool that provides real-time access and control of your security system information.
- With just a mouse click, you can access real-time information on your incidents, service, opens and closes, alarms, contacts, zones and fire tests.
