## Challenge:

## Intelligent Solution:

### CRITICAL EQUIPMENT

- You are alerted immediately if an important piece of equipment such as an air conditioner or compressor breaks down.
- Sensors alert our HSM 24-hour UL Monitoring Center, which notifies you before problems become costly.

### UNAUTHORIZED ACCESS

- Our HSM Access Control System helps to protect people, property and company information without inconveniencing your employees or disrupting your business.

### FIRE THREAT

- Our HSM Automatic Fire Alarm System is code compliant. It provides rapid, reliable and early notification to protect life and property.

### MULTIPLE LOCATIONS

- We establish a program that matches your company's needs on a regional or national basis.
- We provide the knowledge and consistency you need to make informed security decisions.

### REMOTE SURVEILLANCE

- When resources are limited, our HSM video surveillance can help you keep an eye on your facility and remotely authorize or deny access.

### STORE & FACILITY MANAGEMENT

- Our HSM eDataManager allows easy access to all alarm data from your desk to help you manage more efficiently.
- Confirmation of facility open/close on time.

### THEFT

- Area-controlled security helps prevent losses due to intrusion, shoplifting or internal theft.

### ROBBERY

- Our HSM 24-hour UL Monitoring Center provides reliable and prompt response to alarm conditions to help reduce the risks associated with a hold-up.

### LIMITED SECURITY STAFF

- HSM Security Supervisor can provide single point management for all your security needs.
- Your security staff can cover a large area efficiently because multiple areas can be observed from a single monitoring location.
- Your team can perform surveillance work efficiently and economically.

### eDATAMANAGER

- We keep you in the loop at all times with eDataManager, a Web-enabled tool that provides real-time access and control of your security system information.
- With just a mouse click, you can access real-time information on your incidents, service, opens and closes, alarms, contacts, zones and fire tests.
