## The Know-How Stacks Up

Based on our extensive experience protecting distribution centers of major transportation companies, HSM understands the pressures you are under to protect not only your products, but often the products of your customers as well. This in-depth understanding allows us to work with you to design a security system that will protect your employees, your customers' valuable goods and ultimately your bottom line.

HSM offers one of the most comprehensive portfolios of products and services available to the transportation industry—all tailored to fit the security needs of your facility, large or small.

- **Gain Higher Efficiencies**
- **Lower Costs**
- **Reduce Risks**

## Challenge:

## Intelligent Solution:

### **THEFT**

- Area-controlled security helps protect against both external and internal theft by securing some areas while others are occupied.

### **FACILITY MANAGEMENT**

- Our HSM eDataManager allows easy access to all alarm data from your desk to help you manage more efficiently.
- Confirmation of facility open/close on time.

### **UNAUTHORIZED ACCESS**

- Our HSM Access Control System helps you manage people and vehicle access to your location.
- We help you protect people, property and company information without inconveniencing your employees or disrupting your business.

### **FIRE THREAT**

- Our HSM automatic fire alarm system is code compliant. It provides rapid, reliable and early notification to protect life and property.

### **MULTIPLE LOCATIONS**

- We establish a program that matches your company's needs on a regional or national basis.
- We provide the knowledge and consistency you need to make informed security decisions.

### **REMOTE SURVEILLANCE**

- When resources are limited, our HSM video surveillance can help you keep an eye on your facility and remotely authorize or deny access.

### **RESPONSE TIMES**

- Our state-of-the-art HSM 24-hour UL Monitoring Center provides reliable and prompt response to alarm conditions.

### **LIMITED SECURITY STAFF**

- HSM Security Supervisor can provide single point management for all your security needs.
- Your security staff can cover a large area efficiently because multiple sites can be observed from a single monitoring location.
- Your team can perform surveillance work efficiently and economically.

### **eDATAMANAGER**

- We keep you in the loop at all times with eDataManager, a Web-enabled tool that provides real-time access and control of your security system information.
- With just a mouse click, you can access real-time information on your incidents, service, opens and closes, alarms, contacts, zones and fire tests.
